# ALL BIDDERS PLEASE READ

## Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## NOTICE TO NEW BIDDERS

### Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog price, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

14th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG  
USED IN CATALOGING THIS SALE

Scarce gold, rolls, proof sets, small cents, proof gold and currency seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

## BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), ..we want to hear them. Having cataloged over two hundred twenty-five successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extened as per the bottom of the **bid Sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Since the state seal appears on the reverse of each note, a collection of the various state seals would be more interesting. Either way, they both make interesting collections; and from the way they have been advancing, may even pay a cash dividend (in addition to the "fun" in assembling them).

## FAMOUS "RACKETEER NOTE"

- 403 \$5 New York F469 (Scarce) CHARTER NUMBER 1000 which appears across the center reverse in large numerals "1000." Gamblers and racketeers would put notes with this charter number around the outside of a roll of small denomination notes so that only the "1000" would show. Since the average person never saw a \$1000 note, it was not difficult to give the illusion that it was one. National Bank of the Republic of New York, v.f. A MOST INTERESTING "STORY NOTE." The \$20 notes of this series are considerably undervalued in proportion to the values of the \$5 and \$10. Those interested in obtaining any for types, states, charters, cities, etcetera would do well to obtain them now before they rise to their proper proportionate value. Very few of these higher value notes were saved (\$20 was a sizable sum in those days).

### LARGE "SAMPLE" VIGNETTE SHEETS

Issued by the various private bank note companies as "sample" vignettes which they carried in stock. Those banks (prior to 1863) which desired to issue notes, would contact these bank note companies and usually select a design containing one or more vignettes, thereby saving the cost of engraving an entirely new note. Therefore these vignettes (or portions thereof) appeared on many different bank notes. When the U.S. began issuing its own notes in 1861, they were produced by these private bank note companies. When the U.S. Bureau, Engraving & Printing finally took over the complete production of U.S. currency, they also took possession of the vignettes used on the U.S. notes. These "Sample" Vignette Sheets are now quite rare and seldom encountered. In fact, THIS IS THE FIRST TIME IN ALL OUR 235 SALES THAT WE HAVE HAD THE PRIVILEGE TO OFFER THEM! Should make a prize-winning display when properly written-up.

### Consignment B — Indiana

### COMMEMORATIVE 50c, 25c, \$1, ETC.

We note a marked rise in the values of these historical coins in the new catalog just released in June. Judging from the increased demand for these popular coins during the past year, it was inevitable that the catalog reflect the diminishing supply. With the demand steadily increasing, we look for a further increase in values in the next catalog coming out in June, 1961.

## RECENT PROOF SETS

---

We note the rise in popularity of this series during the past year with many rising spectacularly in value. Judging from the sharp increase in demand by new and old collectors, present day prices should appear as "bargains" in the near future. As of April 30, the mint stopped taking orders for 1960 proof sets altho they normally take orders until the end of the year. They stated that they could produce only about 1,700,000 sets by the end of the year and that they already had orders exceeding this amount. We note in the ads that dealers are already asking over \$5 (some \$6) for the 1960 sets. A quick glance at the smaller amounts issued in former years will show that there just isn't enough of these "older" sets to go around and that they must inevitably rise in keeping with the increasing demand.

<b>804</b>	<b>1950 Brilliant Proof Set. ONLY 51,386 ISSUED (compare this with the 1,700,000 of this year to see how undervalued these earlier sets really are). Catalogs \$55 but the market is already edging over .....</b>	<b>60.00</b>

## RECENT PROOF SETS (Continued)

811	1957 Brilliant Proof Set. Since January, we have noted a sharp increase in demand of this year with available supplies disappearing from the market. Judging from the continuing strong demand, this date is "heading places." Ads of \$5 to \$6 which appear ridiculously low compared to the 1960 at the same price which has such a much larger issue. When collectors (and investors) wake up to this fact, this date should rise to its true proportionate value.	
812	1958 Brilliant ProofSet. Only 875,652 issued (about half of the 1960 issue). Catalogs .....	10.00
813	1959 Brilliant Proof Set. 1,149,291 issued (about $\frac{2}{3}$ of the 1960 issue). Catalogs \$4.75 but the market now seems to be around \$5.50 to .....	6.00
814	1960 Brilliant Proof Set. Have seen ads of \$5 to \$6.00; since the \$6 ads persist, there evidently are not many around at the \$5 figure.	

## INVESTMENT LOTS PROOF SETS

Most of the investment minded seem to be centered on the 1950-1960 sets (someone is missing a good bet on the low issue earlier sets) as they are more easily available in quantity lots. So far, these later sets have shown the greatest percentage in rise in values with indications that the rise will continue unabated for a while.

## BUFFALO NICKELS UNCIRCULATED

We note the catalog at the beginning of the series has the following: "Well-struck uncirculated pieces have substantially higher values." Those pieces in this collection which merit this premium are designated as GEM and are valued in keeping with their proportionate rarity. A GEM set of this series is indeed an accomplishment. Very few such sets exist.

There has been a sharp increase in values of this series during the past year with the demand continuing unabated. We look for a repeat performance in the next catalog as the demand increases and the supply diminishes.

## MERCURY DIMES

While the catalog shows additional premiums for choice and well-struck 1c, 5c, 25c and 50c series, they do not as yet indicate the rarity of these dimes with a similar notation. Judging from the large number of requests we receive for GEMS, they are in relatively small ratio to ordinary uncirculated specimens. We believe this series is as deserving of the notation that choice and well-struck specimens "have substantially higher values" as are the other series.

## WASHINGTON QUARTERS

We note that the great majority of "uncirculated" specimens come with "mint nicks and scratches." Check the average roll of "uncirculated" quarters and see how few are really gems. The following set was built over a period of years and are the best obtainable at the time. We imagine it would be even more difficult to assemble such a choice set today.

SELDOM AVAILABLE AND ONE OF THE MOST RAPIDLY ADVANCING U.S. COINS.** We can remember about 10 years ago when \$150 would have purchased a specimen; at the present rate of rise in value, it will probably reach the \$10,000.00 figure in a half dozen years or so. THREE-CENT SILVER PIECES

A little appreciated series until rather recently. Now with the increased demand, collectors have begun to realize just how scarce and rare most of these are. THE SMALLEST SIZE U.S. COIN ISSUED. For some reason, both the public and collectors did not take to this series which ceased issuance after 12 years (except for a limited issue of proofs for the few then extant collectors). Judging from the few specimens of some dates that appear on the market compared to the amount issued, we believe that many of the proofs were "spent." As a result, **MANY ARE MUCH RARER THAN THE MINT FIGURES INDICATE.**

1701 1855 BLUE PROOF. Either a hurriedly made proof or as a leading authority states, "A carelessly made proof." Proofs prior to 1858 were "made to order" as orders were received from European collectors (usually the Royal Families or nobility) or museums (many of our choice early coins have come back from Europe the last 75 years). Occasional orders were also received from Congressmen and Cabinet members. If the orders were received prior to the striking of a regular coinage, then the mint would oblige by polishing the dies and striking brilliant proofs (the degree of workmanship varied from coin to coin and year to year). Occasionally a choice specimen would be turned out but often they were not of the best quality. If an order were received later in the year, and time or expense did not permit, the mint would hurriedly polish a regular die and struck a "proof." As a result, many of the latter specimens would be struck from worn dies even tho having a proof surface (of varying degree of brilliancy and workmanship). This particular specimen doesn't quite have the degree of brilliancy as the later proofs. The last record we could find was the one sold at the Pittsburgh Convention in November, 1958 by auctioneer Kabealo of California at \$1050.00. With the increase in values since then, we believe this specimen could now realize over .....\$1250.00

### PROOF HALF DIMES

1718	1857 GLITTERING BLUE PROOF. VERY RARE. Evidently, others are beginning to realize the true rarity of this date as it realized \$195.00 at an Eastern sale last Fall. This beauty, in keeping with the rising market values and rarity, should now bring between \$250 and	\$ 275.00

EARLY SILVER DOLLARS 1794-1803

1736 1794 VERY FINE, FAR SUPERIOR TO MOST OF THE WORN AND DAMAGED SPECIMENS OF THIS DATE APPEARING ON THE MARKET IN RECENT YEARS. VERY RARE. THIS COIN HAS ADVANCED IN THE CATALOG FROM LAST YEAR'S \$1900.00 TO THE PRESENT \$3000.00 ATTESTING TO THE STRONG DEMAND AND POPULARITY OF THIS FIRST YEAR OF THE SILVER DOLLARS. SINCE THE PRESENT VALUES WERE COMPILED IN JANUARY AND FEBRUARY OF THIS YEAR IN ORDER TO ALLOW TIME FOR THE TECHNICAL MATTERS ATTENDANT WITH THE PUBLICATION OF THE CATALOG IN JUNE, THIS VALUATION IS ALREADY OBSOLETE. JUDGING FROM THE NUMBER OF WANT LISTS BEING RECEIVED FOR THIS RARITY, WE WOULD NOT BE SURPRISED TO SEE THIS RARITY ADVANCE IN THE NEXT CATALOG TO AROUND .....\$4500.00

- 1738 1795 Two Leaves under wing, FLOWING HAIR, similar condition to above. Valued about the same at ..... 100.00
- 1739 **1795 BUST TYPE (TYPE II) very Nearly Uncirculated (CHOICE)**  
Cat. unc. .... 350.00
- 1740 **1796 Small date, small letters, extremely fine. RARE. Greatly undervalued in keeping with its true rarity. We have checked records for the last 25 years and find very few have appeared on the market; in fact, fewer specimens have been offered than those cataloging twice and three times the price. Should be worth at least** ..... 300.00
- 1741 **1796 Small date, Large Letters, acquired as extremely fine and does come close to it. SCARCE. Catalogs unc.** ..... 275.00

1742 1796 LARGE DATE, SMALL LETTERS, UNCIRCULATED WITH A BEAUTIFUL TONING (COLORING). VERY RARE IN THIS REMARKABLE STATE OF PRESERVATION. EASILY WORTH .....\$ 750.00

1743 1797 16 STARS, 9x7 (TYPE III) TENNESSEE BECAME A STATE, SMALL LETTERS, VERY FINE. THE RAREST SILVER LISTED IN THE CATALOG 1794-1803! Yes, it is about THREE TIMES AS RARE AS THE 1794! Until it is recognized for the EXTREMELY RARE coin it actually is, it will probably not bring as much as the 1794 which catalogs \$3,000. Here is a truly exceptional opportunity to acquire ONE OF THE RAREST OF U.S. COINS (almost as rare as the 1838-O 50c, 1876-CC 20c, etc.) at a "reasonable" price before it is listed in the catalog at its true value of several thousand dollars!

1744 1797 9x7 Stars, Large Letters, very fine. THE SMALLEST COINAGE OF ANY YEAR 1795-1803! Catalogs \$200 but in keeping with its RARITY, should be listed at least ..... 250.00

1745 1797 10x6 STARS (TYPE IV) Very Nearly Uncirculated. VERY RARE. Coinage figures show this MAJOR VARIETY to be TWICE AT RARE AS THE 9x7 Stars variety. Certainly, a more realistic catalog value for unc. would be at least .....\$ 750.00

1746 1798 13 STARS, SMALL EAGLE (TYPE V) extremely fine. VERY RARE. Only ONE SET OF DIES USED for this Major Variety (and then for only a very short period, possibly a month or two). Easily worth over ..... 300.00

1747 1798 15 STARS, SMALL EAGLE (similar to 1796) very fine. We believe an unfinished die of 1796 (without the date) was hurriedly finished (date completed) in early 1798 due to the unsettled conditions of late 1797 and early 1798 at the mint) in order to fill an urgent order for coins, and the proper dies not being finished in time. A much undervalued MAJOR VARIETY seldom offered. Well worth over ..... 250.00

1748 1798 LARGE HERALDIC EAGLE, 13 STARS OBVERSE & REVERSE (TYPE VI) Knob 9, ONLY 10 ARROWS, 2 "sticks" and 1 rather faint arrow, a choice extremely fine. A MAJOR VARIETY DESERVING OF LISTING IN THE CATALOG. VERY RARE. 350.00

1749 1798 Close date, 4 BERRIES IN BRANCH (ONLY THE ONE DIE USED) UNCIRCULATED WITH RATHER PLEASING COLOR. RARE. A much underrated coin! ..... 300.00

1750 1798 Close date, 5 Berries, 12 ARROWS (B-9) A LOVELY UNCIRCULATED SPECIMEN WITH PLEASING COLOR. No doubt, the owner searched a long time to find such a CHOICE SPECIMEN OF THIS RARE VARIETY. The only record we could find of a nearly comparable specimen to appear on the market recent enough to have any significance pricewise, was where one sold at \$395; with the price rise taking place since then, this RARITY should bring over .....\$ 500.00

# EARLY SILVER DOLLARS 1794-1803 (Continued)

RARE. Catalogs unc. ....	225.00
1755	1799 OVER 98, REV WITH 13 STARS. It is interesting to note that THIS IS THE ONLY OVERDATE DIE LISTED IN THE CATALOG 1794-1803! Furthermore, IT IS 4 TO 5 TIMES AS RARE (depending whether 15 or 13 stars reverse) as the "commoner" varieties. Why the catalog persists in grossly undervaluing these two RARE MAJOR VARIETIES, we do not know. An extremely fine specimen which has a ridiculous value in the catalog for unc. of only .....	200.00
1756	1799 Irregular Date, 15-STAR REVERSE, fine obverse with the reverse being closer to very fine. VERY RARE MAJOR VARIETY. In fact, EVEN MORE RARE THAN THE ABOVE VARIETY! Why the catalog assigns a ridiculous value of \$75 v.f. to this very rare coin compared to \$60 for varieties many, many times commoner, we have never been able to ascertain. Certainly, it should at the very least have a value of triple that of the "common" varieties or .....	180.00

1757	1799 IRREGULAR DATE, 13-STAR REVERSE (B-13), Very Nearly Uncirculated. We have checked records and CANNOT FIND WHERE A BETTER SPECIMEN HAS BEEN OFFERED! Extremely Rare Variety. 1762 1799 SMALL BERRIES (TINIEST OF THE YEAR) but also IRREGULAR DATE (B-15). We are puzzled by the catalog listing of "Small Berries" as THIS HAS THE SMALLEST BERRIES OF THE YEAR but IT ALSO IS THE "IRREGULAR DATE, 13-STAR REVERSE (which was issued by only one other set of dies, B-13 which has larger berries). If the catalog meant this die, then why did it not also call it an irregular date? Certainly, the catalog value is ridiculous if it did mean this RARE VARIETY. UNCIRCULATED. A REMARKABLE SPECIMEN OF THIS RARITY. -----\$ 575.00

1763 1799 Perfect Date, Medium Large Berries, very nearly Uncirculated. Cat. unc. ----- 160.00

1764 1799 Perfect Date, EXTRA LARGE BERRIES, very nearly Uncirculated. RARE MAJOR VARIETY AS ONLY ONE SET OF DIES WERE USED (B-17). GREATLY UNDERVALUED. A more correct valuation in the catalog for unc. would be at least ----- 275.00

1765 1799 STARS 8x5 (TYPE VII) fine obverse, very fine reverse. ONLY THE ONE DIE. All other dies with the Large Eagle Reverse (1798-1803) have 7x6 Stars. RARE TYPE. The catalog value of v.f. \$100 is ridiculous in keeping with its rarity and STRONG DEMAND. It should be at least ----- 150.00

1766 1800 (TYPE VI as are all thru 1803 LIBERTY with R Double Cut, SMALL BERRIES, a choice very fine specimen. Based on supply and demand, we believe this coin should bring over \$85 and possibly ----- 100.00

1767 1800 First T in STATES Double-Cut (B-1) Very Nearly Uncirculated. EXTREMELY RARE VARIETY. In fact, the coin illustrated in Mr. Bolender's book on silver dollars is only fine. ----- 300.00

1768 1800 Letter T in UNITED Double Cut (B-4) very fine. RARE. Worth over \$100; may bring close to ----- 125.00

1769 1800 Very Wide Date, LOW 8, A MOST REMARKABLE SPECIMEN WITH PROOF SURFACE. A VERITABLE GEM. FOR SOMEONE DESIRING A "SHOWPIECE" GIVING PRIDE IN OWNING AND DISPLAYING "THE CHOICEST" (AS WELL AS RISING IN VALUE) THIS IS IT! We are inclined to agree with the owner's idea of valuation of -----\$1000.00

1770 1800 "Dotted Date," Very Nearly Uncirculated. Cat. unc. ----- 175.00

1771 1800 12 ARROWS, at first glance it appears UNCIRCULATED, however a close examination reveals some signs of rubbing. Catalogs ----- 175.00

1772 1800 AMERICA!, fine and sharp obverse, very fine reverse, small edge nick. IN GREAT DEMAND. Catalogs v.f. ----- 80.00

## EARLY SILVER DOLLARS (Continued)

- 1773 1801 12 ARROWS (B-2) acquired as UNCIRCULATED. however we note some evidence of friction on the highest points (does have nice luster). RARE. A much undervalued date and Major Variety (deserves listing as much as 1800 12 arrows) particularly in the higher states of preservation. Obviously, the catalog value for uncirculated of \$190 is not in keeping with the rarity; a more correct valuation for unc. would be closer to ..... 300.00
- 1774 1802 OVER 1, Wide Overdate, fine and sharp obverse, extremely fine reverse, some very tiny nicks. Catalogs v.f. .... 70.00
- 1775 1802 OVER 1, Close Overdate, very nearly Uncirculated. RARE. A much undervalued Major Variety. AT LEAST TWICE AS RARE AS THE ABOVE VARIETY. Should have a catalog value for unc. of about ..... 300.00

1776 1802 Close, Perfect Date, A MAGNIFICENT UNCIRCULATED SPECIMEN, SHARPLY STRUCK. IT IS A REAL JOY TO BEHOLD A GEM SUCH AS THIS, BUT AN EVEN GREATER THRILL TO OWN IT. OUTSTANDING PIECES SUCH AS THESE ARE IN "A CLASS BY THEMSELVES" AND DO NOT HAVE A KINSHIP, PRICEWISE, WITH THE USUAL "UNCIRCULATED" SPECIMENS. We would be surprised, indeed, if this remarkable specimen brought less than .....\$ 750.00

- 1777 Duplicate in very fine condition. Catalogs ..... 65.00
- 1778 1803 Large 3, very fine. Catalogs ..... 65.00
- 1779 1803 SMALL 3, with 3 TOO HIGH (see catalog listing of 1833 10c) very nearly Uncirculated. A VERY RARE MAJOR VARIETY DESERVING OF SEPARATE LISTING. .... 250.00
- 1780 1803 Small 3, Only 12 ARROWS (why is the 1800 12 Arrows listed and not this?) UNCIRCULATED according to the owner, however, on close examination we do find some traces of rubbing. A RARE MAJOR VARIETY DESERVING OF SEPARATE LISTING. Rarer than the listing in the catalog indicate; a more accurate valuation for unc. would be ..... 250.00

## GOBRECHT FLYING EAGLE \$1 1836-1839

1781 1836 ORIGINAL with Starless Obverse and Starred Reverse, plain edge, INVERTED REVERSE. A CHOICE, BRILLIANT PROOF. SELDOM OFFERED, LET ALONE IN THIS REMARKABLE STATE OF PRESERVATION! This variety is not to be confused with the next lot as THIS VARIETY IS NOT AS YET LISTED IN THE GUIDEBOOK. VERY RARE. May well bring in the neighborhood of .....\$2000.00

- 1782 1836 Resembles the above but has the **NORMAL REVERSE** (TYPE VIII, this and the above). **PROOF** with attractive color. **IN GREAT DEMAND**. Catalogs \$750 but with the increasing demand by new collectors since these prices were compiled in January and February, the market now seems to be around \$850; if the present strong demand continues (as it is doing) it may well advance in the next catalog to near ..... 1000.00
- 1783 Duplicate which has seen better days. Most of the original proof surface is now gone (altho some traces still remain) and some friction is evidenced on the high points. Still, an acceptable and desirable specimen for those who cannot afford a full proof.

1784	1839 Starred Obverse and Starless Reverse, Reeded Edge (TYPE IX) <b>BRILLIANT PROOF</b> . A beauty but unfortunately it has come in contact with another coin and bears a slight mark to so indicate. At least <b>THREE TIMES AS RARE AS THE "USUAL 1836 GOBRECHT."</b> Should bring over .....\$1500.00

### LIBERTY SEATED \$1 1840-1865 NO MOTTO

---

- 1785 1840 (TYPE X) Acquired as a **PROOF** from a leading dealer; the obverse does have a Nearly Full **PROOF SURFACE** with Lovely light blue color, slight rubbing on breasts and knees, while the reverse also has a **PROOF SURFACE** it does have some minute contact marks (from being with other coins). Still, a perfect proof of this date is virtually impossible to obtain as we have been searching for one for over 10 years. We note the catalog has again advanced this date (which it seems to do every year) to its present listing of a proof at .....\$ 400.00
- 1786 1841 Also acquired as a **PROOF** which it has the appearance of being; further, it is unusually free of the usual minor abrasions which seem to plague this series. A superior specimen of this scarce date; in fact, much better than most of the "proofs" we have seen sold. The present catalog lists proofs at 350.00
- 1787 1842 Very fine. Catalogs ..... 20.00
- 1788 1843 Very nearly Uncirculated. Catalogs unc. .... 50.00
- 1789 1844 **PROOF?** Another acquired as a full **PROOF** from a well known dealer a number of years ago. Still, it is superior to most "proofs" which have been sold over the years. Perhaps it is one of the "hastily or carelessly made early proofs." when the mint was asked to accomodate the "cranks who collected coins." We note the catalog has advanced proofs of this date to 350.00
- 1790 1845 Very nearly Uncirculated. Catalogs unc. .... 65.00
- 1791 1846 Very nearly Uncirculated. Catalogs unc. .... 50.00
- 1792 1846-O Very nearly Uncirculated, sharp. **FIRST "O" MINT \$1.** 70.00
- 1793 1847 Uncirculated with bluish golden color. Catalogs ..... 50.00
- 1794 1848 Extremely fine. **RARE.** ..... 55.00
- 1795 1849 Extremely fine. **SCARCE.** ..... 50.00
- 1796 **1850 BEAUTIFULLY COLORED PROOF. A JOY TO BEHOLD! VERY RARE.** ..... 500.00

# LIBERTY SEATED \$1 1840-1865 NO MOTTO (Continued)

1797 1850-O PROOF SURFACE with lovely coloring (many of the better collections of the 19th Century were housed in coin cabinets with velvet lined drawers, in time many of the silver coins acquired a lovely blue or golden color). RARE. \_\_\_\_\_ 125.00

1798 1851 ORIGINAL PROOF (SO ACQUIRED FROM A LEADING DEALER) WITH HIGH DATE, A LOVELY COIN WITH BLUE AND GOLD OVERTONES (PROBABLY FROM LYING ON THE VELVET OF THE OLD COIN CABINETS). AN OUTSTANDING RARITY WITH ONLY ABOUT A HALF DOZEN OR SO SAID TO EXIST. IF THIS GREAT RARITY WERE IN OUR STOCK, OUR ASKING PRICE WOULD NOT BE LESS THAN \_\_\_\_\_ \$2000.00

1799 1852 ORIGINAL WITH PROOF SURFACE BUT SINCE THE CATALOG DOES NOT LIST PROOFS, WE HESITATE TO CALL IT SUCH. REGARDLESS OF WHAT YOU CALL IT, IT IS A BEAUFUL SPECIMEN OF THIS VERY RARE DATE. A FITTING COMPANION TO THE 1851 AND SHOULD PROVE TO BE A JOY (AS WELL AS PAY DIVIDENDS) TO THE NEW OWNER AS IS DID TO THE PREVIOUS ONE. IN THIS CONDITION, VERY NEARLY AS RARE AS THE 1851 AND SHOULD REALIZE CLOSE TO THE PRICE FOR THE 1851. \$2000.00

1800 1853 Very nearly Uncirculated. RARE. \_\_\_\_\_ 85.00  
 1801 1854 PROOF? Acquired as a PROOF, may possibly be one as it is sharply struck with a PROOF surface (as well as other characteristics generally associated with proofs). It is rather difficult to be sure on proofs prior to 1858, as many were "hurriedly or carelessly made" on rush orders for the early collectors and dignitaries. We note the catalog has advanced the proof price to \_\_\_\_\_ 300.00  
 1802 1855 PROOF? Similar condition to the above and on a par with nearly all we have seen sold as proofs. It now catalogs in proof at \_\_\_\_\_ 275.00  
 1803 1856 A choice extremely fine specimen. RARE. Seldom offered. \_\_\_\_\_ 75.00

 1812 1862 Brilliant bluish UNCIRCULATED. RARE SMALL COINAGE. UNDERVALUED IN KEEPING WITH ITS RARITY. Easily worth over \_\_\_\_\_ 100.00

1827	1873 BRILLIANT PROOF. LAST YEAR TYPE. RARE. Records over .....	100.00

1828 1873-CC PROOFLIKE WITH ATTRACTIVE BLuish GOLDEN COLOR. A MOST REMARKABLE SPECIMEN OF THIS VERY RARE DATE. IN THIS CONDITION, AN EXTREME RARITY. Since a large portion of these were melted at the mint and not released for circulation, the amount issued does not indicate its true rarity. Further, for some unknown reason, the majority of the few known specimens seem to be in good to fine condition. GREATLY UNDERVALUED, PARTICULARLY IN THE BETTER GRADES OF CONDITION. If this GEM were in our stock, we would price it in the neighborhood of \$3000.00
